DOMINICAN REPUBLIC

Location

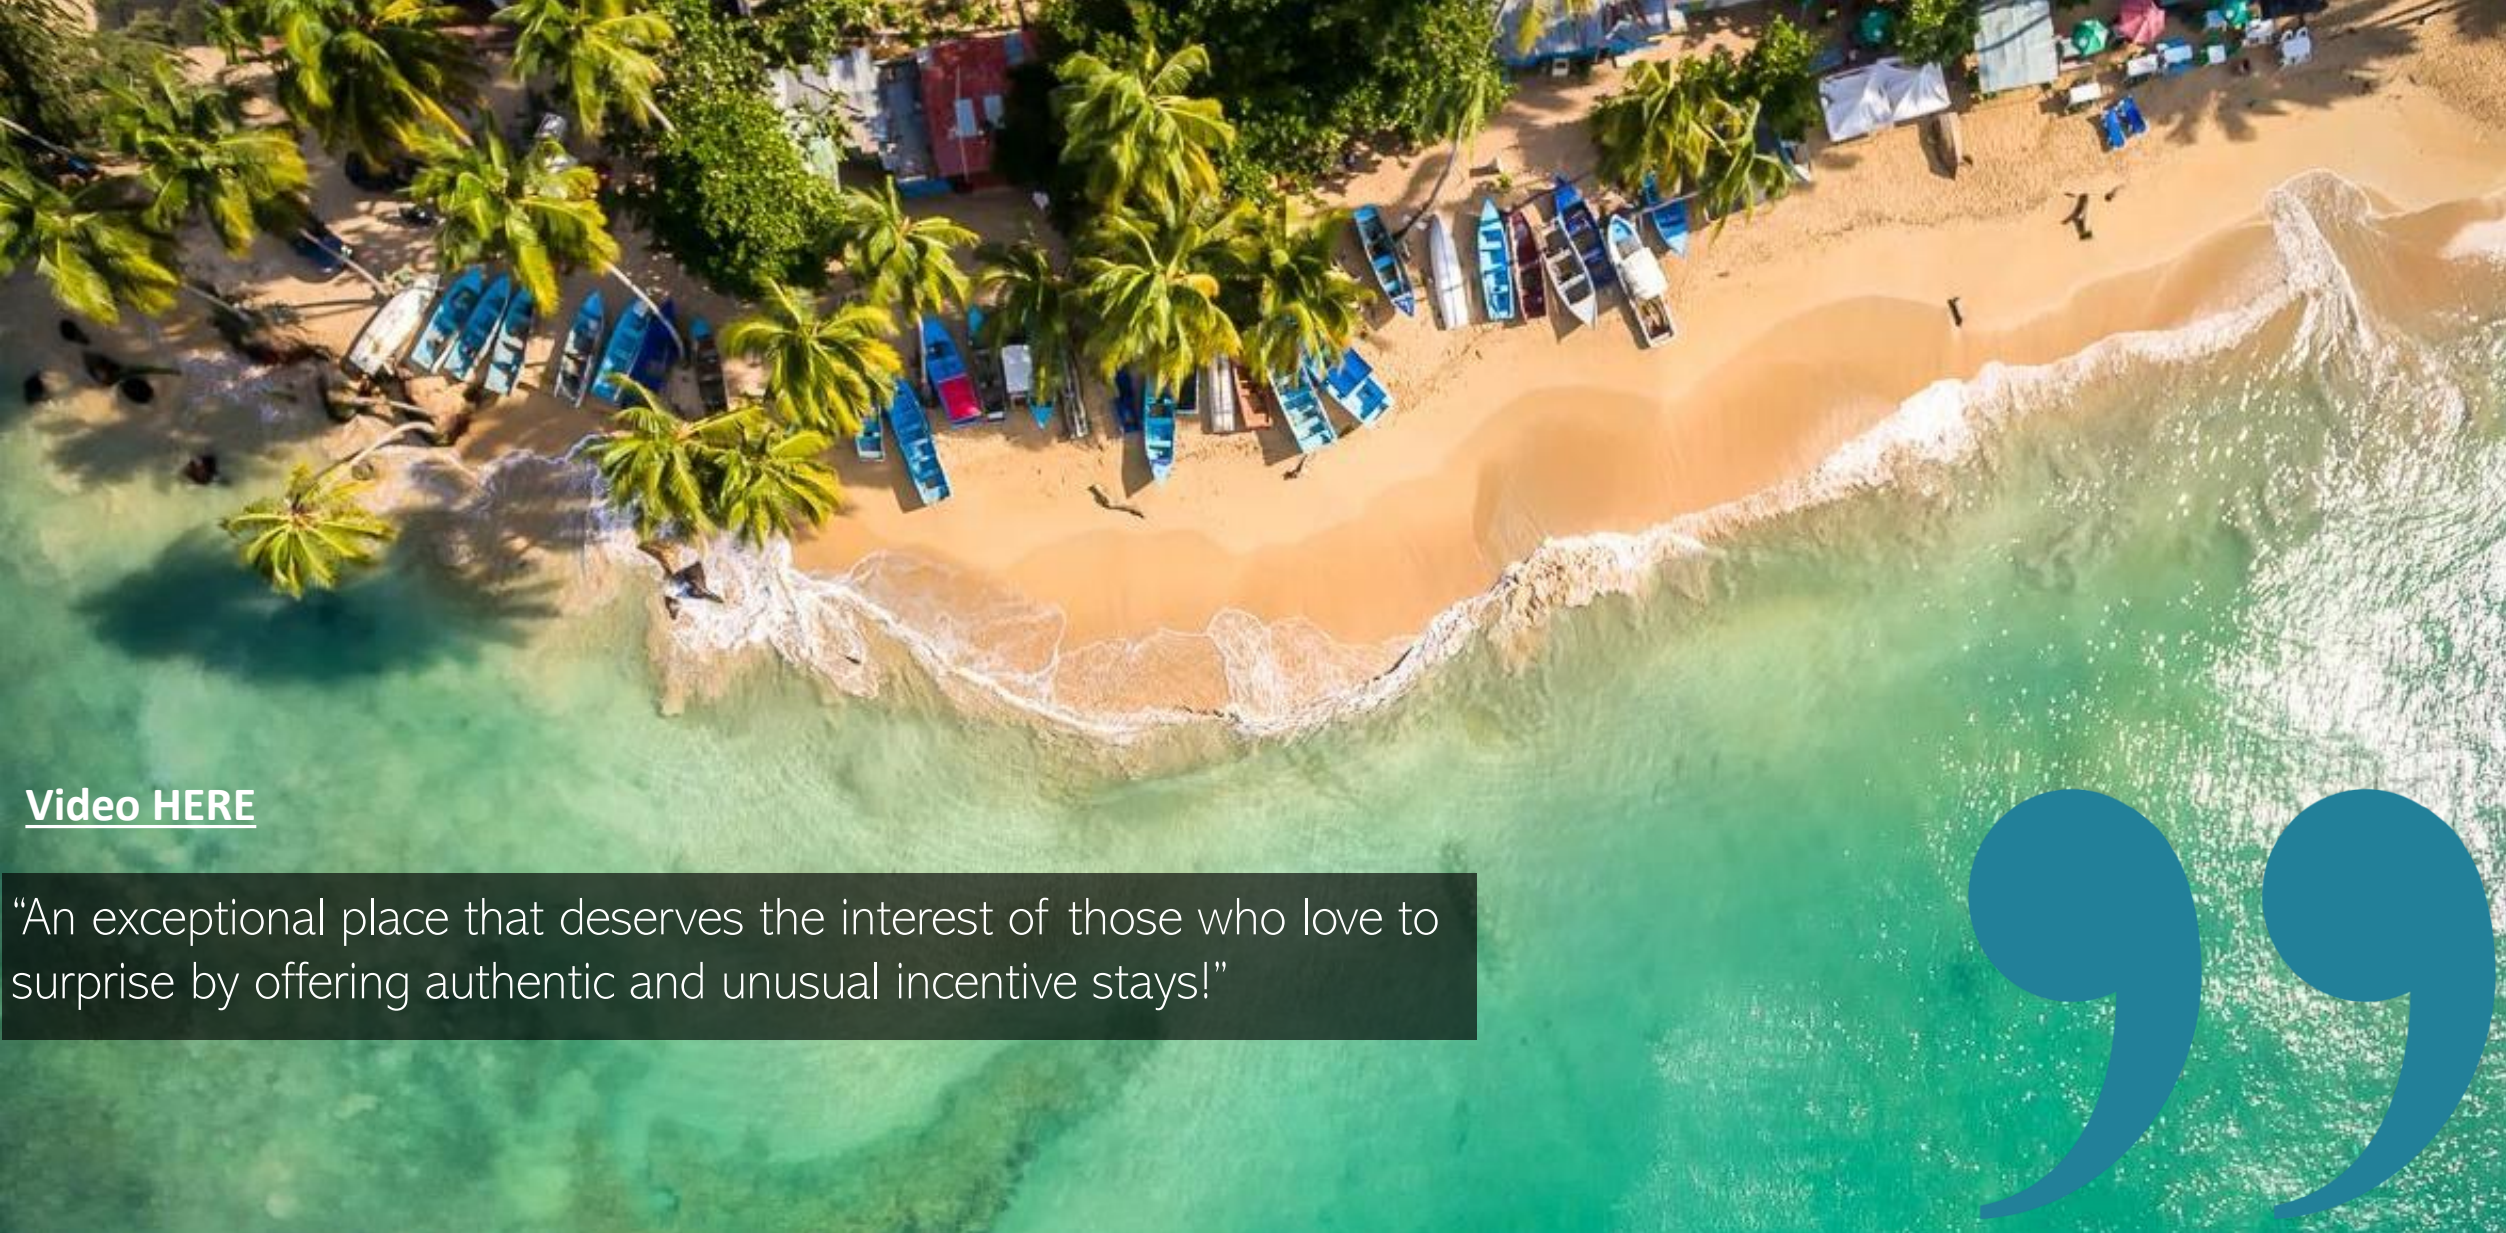

Located in the Greater Antilles, the Dominican Republic occupies two thirds of the island of Hispaniola, the second largest island in the Caribbean, with its 76,000 km².

Its vast territory offers a variety of climates and landscapes unknown to the general public. It is in fact at the northeast end of the island that we find a real jewel...

The Peninsula of Samaná!

Santo Domingo | Stopover in the heart of the New World.

History

Founded in 1496 after the discovery of the island by Christopher Columbus in 1492, Santo Domingo is the oldest European settlement site in the Americas and was the first seat of Spanish power in the New World.

Today

Santo Domingo is the perfect stopover before reaching the wild coasts of the Samaná Peninsula.

The Colonial Zone offers a new face to its visitors since the completion of the project to upgrade its heritage, classified at UNESCO.

Several high-end hotels and many high-quality establishments offer a wide variety of cuisine.
